Join us for the 2026 Georgia Dairy Conference

For the last 16 years, Georgia Milk Producers has hosted the Southeast's premier dairy conference in Savannah, Georgia. This "must attend" event provides companies with the opportunity to hear from top educators, industry pioneers, and fellow dairymen.

Attendees enjoy networking with each other, sharing ideas, and building new working relationships within the dairy industry.

We understand that each dairy farm is different, and the dairy industry is comprised of producers with varying management structures and styles. That is why we design our programming to benefit dairy farms of all sizes.

The 2025 Georgia Dairy Conference had over 145 dairy farmers from 12 different states in attendance.
